HRCAV TTT COMBINED TRAINING 2022 – OVERVIEW OF THE EVENT

WOW – What an event! The Haymarket Top Teams Trophy Combined Training 2022! The pinnacle HRCAV event for Teams in the state and they came from far and wide to compete in perfect sunshine.

Preparation is the key and Smythesdale Adult Riders Club did just that! Some regular club members and some brand new members stepped in and got the event on its way. So many cogs needed to turn a big wheel like a TTT event...We know because it's our second TTT in 12 months! So proud of our relatively small club to pull off another huge event and still be smiling at the end of it!

Saturday afternoon the first campers rolled in. With the lure of access to our XC course for a ride, the opportunity was enjoyed by many. Visitors even assisted with our set up, thank you!

Sunday started with a bang at 0740 the first Grade 1 rider entered the dressage ring. And those 4 rings ran all day until after 3pm...then the show jumping on a beautiful course designed and judged by Ian Box created some challenges, but it's a TTT event.

The event like so many are, was cardless and the electronic scoring is quick and efficient...it's a sign of the times so we embraced it. So many volunteers from visiting clubs jumped on board and joined us in the learning of electronics. Last rider leaves the ring and scores are finalised and posted within minutes (seconds really). The only way we could get 120 riders through the day and on the road back home.

Photography by Felicity Clay and Mane Memories and of course fabulous food and great coffee is essential!
